1	Ametek doo	Production of electromechanical devices and electronic instruments	www.ametek.com	/	CNC machined parts, sheet metal fabrication, PCBAs, cable assembly, metal casting, injection molded parts...
2	Toyo Tire Serbia d.o.o.	Tire production	https://www.toyotires.rs	Secondary materials, scrap and residuals	Tool producers, machining, service and maintenance of spare parts, chemicals, oils, lubricants
3	Continental Automotive	Engineering activities and technical consulting	https://www.continental-automotive.com/	/	Wide range of materials, equipment and services
4	Grundfos Srbija	Production of pumps and compressors	https://www.grundfos.com/rs	/	Cardboard packaging, plastic injection molding, machining of brass, copper, aluminum and stainless steel materials
5	Zumtobel Group	Production of lighting equipment	https://z.lighting/en/	/	Mechanical components made of plastic, metal, rubber, aluminum castings, steel sheets
6	Dana Hungary Ltd.	Drivetrain and e-Propulsion system manufacturer	www.dana.com	Drivetrain and e-Propulsion system	Machining/casting foundry (gray iron-nodular-alu) / forging / high precision machining
7	NIDEC Electric Motor Serbia d.o.o.	Production of electrical and electronic equipment for motor vehicles	https://www.nidec.com	Electrical motors for vehicles	Electric motor components (aluminum castings, copper products, sheet metal products, bearings)
8	Modine SRB d.o.o. Sremska Mitrovica	Climate Solutions - Heat Transfer Pumps	www.modine.com	Heat exchanger for heat pumps	Copper, aluminum, presses, benders, laboratory equipment, metal-processing machines, rubber and plastic plugs, safety equipment

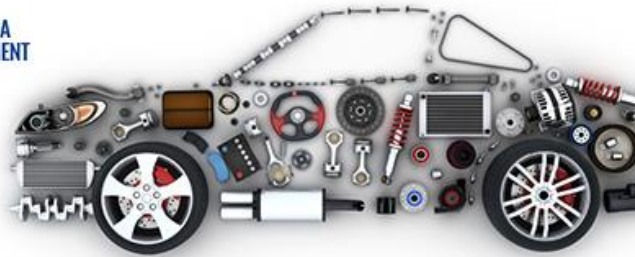

No.	Company	Field of activity	Website	Offer	Demand
9	NIDEC Elesys Europe d.o.o.	Production of electrical and electronic equipment for motor vehicles	https://www.nidec.com/en/corporate/network/group/nidec-elesys	Inverters	Electronic and mechanical components
10	Norma Group	Automotive industry	https://www.normagroup.com/corp/en/home	/	Small turned metal parts, small machined parts, injection molded plastic components, stamped metal parts
11	Haitian Machinery	Production of machines for the production of plastic and rubber products	www.haitianinter.com	Industrial machines for plastic injection	Castings (nodular casting), welded structures, sheet metal, hydraulic components & electrical installations.
12	Novares SERBIA doo	Production of plastic parts for the auto industry	www.novaresteam.com	Plastic parts	Metal and plastic components, machines and machine maintenance.
13	Tiki doo	Production of household electrical appliances	www.tikigroup.rs	Electric boilers and heat pumps	Rubber, plastic, metal products, metal processing
14	Mecafor Products doo Kikinda	Automotive industry/ machine industry	https://www.la-fonte-ardennaise.com/subsidiaries/mecafor	Machining of castings, design and production of tools, plastic injection	Surface protection providers
15	Grah Automotive	Electronics	www.grahgroup.rs	Electronics	Plastics, stamped parts
16	Knott Autoflex	Production of parts for trailers	https://www.autoflex.rs	Welding, gray and nodular casting, hot galvanizing, transportation	Steel, waterproof plywood, trailer wheels.
17	Domel Motors doo	Production of electric motors, generators and transformers	www.domel.com	Electric motors	Aluminum parts (yokes)

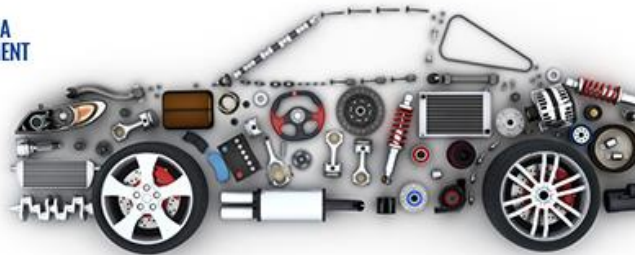

No.	Company	Field of activity	Website	Offer	Demand
18	MPE Balkan doo	Automotive plastic-elastomers components producer	www.mpeplastics.com	Product for automotive industry, plastic components, lighting group/shock absorbers comp./ dust covers/ connectors/ rebound bumpers and striker caps	Raw material PA66, PA6, PP, PEHD, TPU, TPC, POM, etc....
19	Frezal	Tool making and serial production of plastic parts	www.frezal.rs	Production of tools for plastic injection molding / Plastic products production service	Granulate: ABS, PA, PBT...
20	Fischer automotive systems KD Jagodina	Production of plastic parts for the auto industry	https://www.fischer-automotive.com/de-de	Molded plastic parts for car interiors	Granulate, metal springs, polyethylene foam
21	Holz – Plast	Injection molded plastic products	www.holzplast.hu	Our customers use the parts we produce in various automotive component	Raw material PA6, PA66, PC, POM, PBT, PP, PE, PS and ABS.
22	Grindex d.o.o.	Production of machine tools - cylindrical grinders	www.grindex.rs	Grinders for cylindrical grinding - external, internal, threads and complex profiles	/
23	Alatnica Bokan R&M	Metal machining	www.alatnica-bokan.com	Parts for the automotive industry, hydro and thermal power plants	Steel, sheets
24	Austral Plastic	Production of plastic parts	www.australplastic.com	Plastic parts	Metal
25	Carbo doo	Rubber, silicon and polyurethane parts	www.carbo.rs	Rubber, silicone and polyurethane products according to drawing or sample	/
26	Leikauf Metallbearbeitung doo	Metal machining	www.leikauf-metallbearbeitung.com	CNC metal processing (milling, turning, etc.)	Partners who have a request for the production of individual and small-batch parts

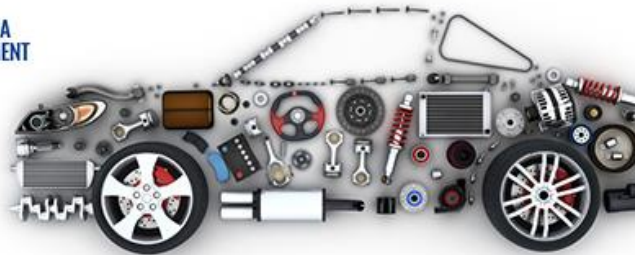

No.	Company	Field of activity	Website	Offer	Demand
27	Auto Froggy	Plastic products	www.autofroggy.com	We offer injection molding of plastic mass up to 6 gr.	Granulate
28	Helios	Coating production	www.helios.rs	Coatings for the protection of steel	Steel elements
29	Index VM	Production of metal and plastic components	www.index-vm.com	Production of metal and plastic components according to the customer's request	/
30	Tehnomag Ns	Production of general purpose machines	www.tehnomagns.co.rs	Machining, CNC machining of metal by milling, gas and plasma cutting, Production of metal parts according to a sample/drawing	Steel
31	Rumekon doo	Production of metal containers, waste pressing systems, waste transfer systems, etc.	www.rumekon.rs	Metal containers, systems for pressing waste	Steel
32	Tehnovar doo	Machining by turning on numerical lathes	www.tehnovar.com	Turning, metal cutting equipment	Metal cutting equipment
33	Agroart doo	Production of agricultural machinery	www.agroart.co.rs	Agricultural machinery and parts	Pipes, sheets
34	Telix	Production of electronic devices	www.telix.rs	Machining, AL anodization, AL profiles and constructions, production of elec. device	/
35	Cb metaloplastika	Metal processing	https://cb-metaloplastika.com/	Laser cutting of metal, bending, punching, plasticizing of metal	/

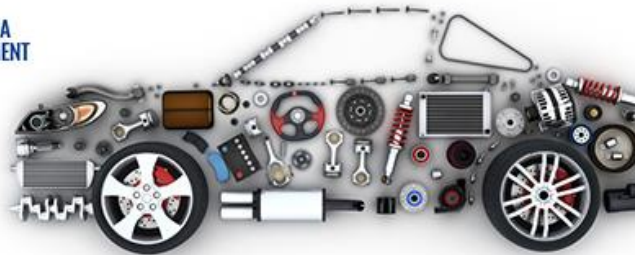

No.	Company	Field of activity	Website	Offer	Demand
36	Metal Corp	Metalworking and metal protection	www.metalcorp.rs	Metal constructions, metal pallets and racks	Metalworking
37	Ferro casa doo	Production of metal structures and parts of structures	www.ferro.rs	Steel structures, forged fences and elements, building containers	Steel, steel paint, metalworking tools
38	Gumins doo	Production of rubber products	www.gumins.rs	Conveyor belts, rubber profiles, rubber technical goods, rubberization	All types of rubber, rubber chemicals
39	Ferit doo	Production of wire conveyor belts and sieves	www.ferit-bac.com	Wire conveyor belts and sieves	Light-drawn, galvanized and chrome wire, HVL, TVL, stainless steel sheet
40	Hidra HP	Maintenance of hydraulics, hydraulic devices and metal machining	www.hidrahp.com	Production and repair of hydraulic aggregates, cylinders, blocks, presses; hose making; diagnostics, manufacturing and reconstruction of hydraulic steering systems, analysis and filtration of hydraulic oil, flushing of pipelines	Hydraulic components
41	Ming doo	Forging and machining	www.mingbgd.com	Forgings and machined parts	/
42	V&B doo	Production of plastic packaging	www.vb.rs	Polyethylene packaging - films, bags and sacks	Polyethylene, paints and additives, packing boxes
43	Kompak-IN	Production of plastic packaging	www.kompakin.rs	Polyethylene bags, sacks, hoses and foils	LDPE granulate and regranulate
44	Fortuna cink doo	Surface protection of metals	www.fortunacink.rs	Alkaline zinc (blue, yellow and thick-layer passivation), fink-nickel, phosphatization, aluminum passivation, degreasing and passivation of steel and powder plasticization	Chemicals for the protection process

No.	Company	Field of activity	Website	Offer	Demand
45	Krokodil & Company	Production of injected plastic	www.krokodilcompany.com	Plastic products	Polypropylene, subcontracting services for plastic injection and processing of metal parts
46	Sinterfuse doo	Casting of other non-ferrous metals	www.sinterfuse.com	Bushings for the car and aviation industry; sintered parts; metal powders; bimetallic strips; bearings for the automotive industry; bearings for Formula 1;	Steel strips
47	Techno Ferum doo	Production of nails, wire, grinding and cutting program	www.technoferum.com	Nails, wires, grinders, cutting boards, dowels, tools, safety equipment, accessories, hand tools	Coil wires SAE1006, SAE1008
48	Eco-Recycling	Recycling of waste tires, rubber	www.eco-recycling.rs	Rubber granulates	Scrap rubber, tires
49	Injection Moulding Prilep	Production of injected plastic	www.imp.mk	Plastic injection molding, pad printing and assembly	Suppliers of plastic materials
50	Tim-Cop doo	Designing, manufacturing and installation of energy systems	www.timcop.com	Design and manufacture of energy and mechanical components	Utility laser cutting, machining of large parts, electroplating
51	Đaković doo	Metal recycling	https://djakovicreciklaz.rs/	Recycled metal	Scrap metals, rubber
52	Cetinka Ambalaža	Production of plastic packaging	www.cetinka.rs	Antistatic blisters for packaging components.	PET and PS foil for thermoforming
53	4M Specijalni alati	CNC turning and CNC milling	www.4m.rs	CNC turning and CNC milling	Certified laboratory for hydraulic systems
54	ARS Embedded Systems	Development of electronic products (Schematics & PCB design, embedded software)	www.ars-es.com	Development services	/
55	Packsol doo	Production of plastic packaging	www.packsol.rs	PET / PS / ESD PS / PP / PE foils for thermoforming	Tools for thermoforming and bottle blowing / PS recycling materials

No.	Company	Field of activity	Website	Offer	Demand
56	Luna doo	Production of packaging	www.lunadoo.com	Wooden pallets, metal and plastic barrels and IBC containers	/
57	PeLCer doo	Industrial automation	www.pelcer.com	Machines and solutions according to the technical requirements of customers primarily in the automotive industry.	Automation elements, sensors, actuators, PLC, HMI, switching equipment, cables
58	Privredna Komora Vojvodine	Business association	www.pkv.rs	PKV services	/
59	Automobilski klaster Srbije	Business association	www.acserbia.org.rs	AC Serbia is a network of Serbian companies that act as suppliers of automotive parts and equipment or provide services in this sector	/
60	Advenmach doo	Designing and manufacturing of dedicated industrial machines	www.advenmach.rs	Designing and manufacturing of dedicated industrial machines, industrial robotics.	Automatic components
61	Elcom system doo	Production of industrial machines and equipment	www.elcomsystem.rs	Machines and equipment for production processes in the automotive industry	/
62	SZR MetalProizvod 2	Production of cables, pipes and hoses for motor vehicles	/	Cords, pipes and hoses for brakes, hydraulic hoses	Steel ropes, hoses and fittings for hydraulics
63	Utva Silosi	Production of metal structures and parts of structures	www.utva.rs	Sheet metal, seam pipes, slitters, profiles, flats and structural elements	Sheet metal rolls, milling machines
64	Steel-Impex doo	Collection and recycling of secondary raw materials	www.steelimpex.rs	PET flecks, rubber granules, rubber chips, sbr rubber plates, shredded metal E40, aluminum granules, copper granules	Recycling of metals, non-ferrous metals, rubber, plastic, electronic waste, scrap vehicles, packaging waste
65	Inox-prerada doo	Production of boilers	www.inox-prerada.com	Boilers, buffers, hydrophoric bottles	/

No.	Company	Field of activity	Website	Offer	Demand
66	Le Belier	Casting of light metals	www.lebelier.com	/	Machining services, design and manufacture of industrial machines
67	Oil Flow doo	Sheet metal processing	www.biznisgroup.rs/in-dustrija/oil-flow-fenix-metal-subotica/	We process sheet metal according to customer requirements and needs	/
68	Trim d.o.o.	Production of electronic devices and machines for testing and assembling components in the auto industry	www.trim.rs	Testing the presence of components, triple insert, conductivity testing, insulation testing, spark test, leak tests, precision pipe cutting, heat shrinking of bushings	Parts made on CNC machines; machining services; plastic products;
69	Vojvodina Development Agency	Promoting economic development and investment in Vojvodina	www.rav.org.rs	Investment support, business support, export assistance, networking and collaboration, regulatory support	/
70	Hartopak	Production of cardboard packaging	www.hartopak.com	Transport packaging, cardboard corner protectors, and packaging made of FORM cardboard (paper spools), packaging papers	Packaging papers
71	Aris rešetke	Production of grating platforms for industrial use	www.arisresetke.rs	Grating platforms, aluminum bars, and sheets	
72	Sveti Đorđije	Metal processing	www.svetidjordjije.com	Metal processing as per client's specification: CNC turning, milling, grinding, and heat treatment. Welding, laser metal cutting, bending etc	Black and non-ferrous metallurgy products
73	Banija Pal Temerin	Production of wooden pallets and packaging	http://www.banija-pal.rs/	Pallets, crates, boards, spacers, and components for crates	/

84	Metalopromet	Selling and processing of steel sheets, pipes, and profiles; manufacturing of steel structures and assemblies; scrap metal collection, sorting and recycling	www.metalopromet.rs	Steel structures and assemblies; Laser-cut steel panels for fences, pergolas, and facades; scrap metal collection, sorting and recycling	Scrap steel and iron
85	Procesing	Forging and reconstruction of rotating machinery, metal stamping, metal rolling	www.kilnprocesing.com	Manufacturing parts for the automotive industry, hydraulics, pneumatics, bearing industry, and cold forming of threaded products from Ø5mm to Ø50mm, H 70mm. Cathodic protection Metallurgical laboratory services	Tool manufacturing Cooperation with laboratories
86	Perfom	Manufacture of sheet metal parts and components	www.perfom.rs	State-of-the-art equipment for laser cutting, perforation, punching, bending, semi-circular bending, TIG-MIG-spot welding, product assembly (riveting, nut pressing), pressing, and rolling sheet metal parts from rolls. We have our own department for the development and production of tools for plastic material deformation. We manufacture perforated and ribbed sheets, perforated screens and parts, and components made from various types of sheet metal upon customer request, perforated anti-slip treads (platforms, profiles, stairs), sheet metal	Galvanized sheets DX51D Z200-Z275, steel sheets DC01-DD11

SUPPLIERS' 2023 DAY

Novi Sad, November 21

				parts for the automotive industry (truck program)	
87	Connecta Team	Production of wooden packaging	www.connecta-team.com	Wooden packaging – wooden pallets	Wooden pallets
88	Nelt Titel	Composite manufacturing	www.nelt-titel.co.rs	Manufacture of tools, semi-finished products and products made of composite plastics	/
89	Tim doo	Production of polyethylene packaging	https://timdoo.rs/	Thermofoil, specialty films, construction and covering foils, FFS (Form-Fill-Seal) films, agricultural and silage films (agricultural stretch wrap), printed films, stretch films, sheet foils, all types of bags (carrier bags, shopping bags, flexo handle bags), and sacks	PE granules, printing ink, cardboard packaging, additives (UV, antistatic, processing aid...), sleeves
90	Fadip – merna tehnika	Production of metal and plastic components	www.fadip.rs	Manometers, thermometers, pressure compensation pipes and valves, diaphragm pressure transducers and seals, transmitters, level transmitters and probes, level switches and electromagnetic flowmeters, temperature transmitters, temperature sensors and indicators, automatic couplings, hydraulic hoses, industrial hoses	Thermoregulatory support devices
91	Kov-komerc	Production of metal and plastic components	www.kovkomerc.com	Rubber parts specially designed for various machinery, commercial vehicles, and construction equipment. Silicone profiles for various industries, lighting silicone solutions and others. Silicone grommets used in electrical industry, production of electric motor brushes	Rubber and metal raw materials

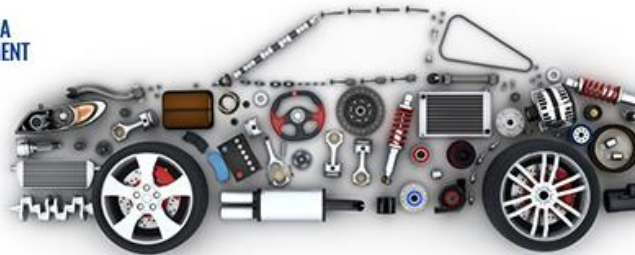

SUPPLIERS' 2023 DAY

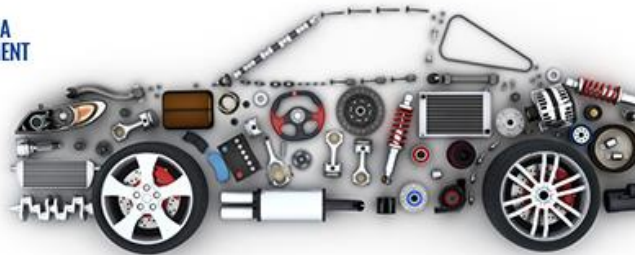

Novi Sad, November 21

92	Metal-flex	Screw manufacturing	www.metal-flex.com	Standard screws, custom made screws, wire processing services, galvanizing services	Raw materials for manufacturing screws, cold forging tools, chemicals for surface protection processes
93	Minel fepo	Production of measuring transformers	www.minelfepo.com	Measuring transformers and low and medium voltage insulators	Electrical materials, insulating materials, materials for tool making and tools, machines
94	NS Steel	Metal processing	www.ns-steel.rs	CNC machine processing – production of parts, gears, sprockets, shafts, machine production, waterjet, plasma, and laser cutting services	Steels (pipes, sheets, bars), aluminum (pipes, sheets, bars, etc.), fittings, screw products, stainless steels (pipes, sheets, bars), plastic (pipes, sheets, bars), pumps, exhaust fans, electrical components, various profiles, flanges, couplings, valves, wires, etc.
95	SZTR Mašino plus	Service, repair, maintenance, and sale of machine tools	www.masinoplus.com	Completely refurbished grinders, milling machines and lathes	We seek companies in need of machine tool repair services, refurbishment or machining parts
96	Elmetal	Tool manufacturing	www.elmetal.co.rs	Tools for injection molding, rubber vulcanization, sheet metal forming, precision casting of wax models, various geometric drawing templates and workpiece clamping	/
97	Metalprofil	Metal processing	www.metalprofil.rs	Metal machinery parts	Steel, castings
98	SCGM	Development and production of complex mechatronic plastic assemblies, as well as separate plastic parts	www.scgm.com	Complex mechatronic plastic assemblies, as well as separate plastic parts	/

No.	Company	Field of activity	Website	Offer	Demand
99	Izoterm Plama	Production of plastic packaging	www.izoterm-plama.si	Insulation and packaging products made of foamed PE /HDPE regranulate	Large-sized LD and HD bags, LDPE granules
100	Veritas Automotive	Automotive industry, plastics	www.veritas.ag	/	Tools for the automotive industry, plastic/metal components
101	KM314.2	Assembly of electronic circuits	www.km3142.com	PCBA, box build	/
102	PE-Packaging GmbH & Co. KG	Production of metal racks for automotive industry with soft materials	www.pe-packaging.de	Welding, laser cutting water jet cutting, painting, 3D, construction design	Metal, rubber, plastics, textile, industrial foam
103	Carbon Black kft	Distribution of carbon black, synthetic and natural rubber, chemicals, regenerates and many other types of raw materials used in the rubber industry	www.carbonblack.hu	Carbon black, synthetic and natural rubber, chemicals, regenerates and many other types of raw materials used in the rubber industry	New customers
104	SZR Bata	Metal processing	www.bata-ada.com	Manufacturing machine parts according to customer drawings, machining services	Round and flat steel, aluminum
105	Jomi-ing	Metal processing	www.jomi-ing.com	Metal fabrication	Aluminum, brass, plastic, stainless steel, etc.
106	Vidija Plus	Metal processing	www.facebook.com/profile.php?id=100063748975214	Machining on a CNC milling machine	/
107	Tapai Gear	Metal processing	https://tapai-gear.rs/	Metal processing (turning, milling, gearing, grinding, heat treatment)	Customers demanding small and medium batch production of gears, sprockets, shafts, etc.

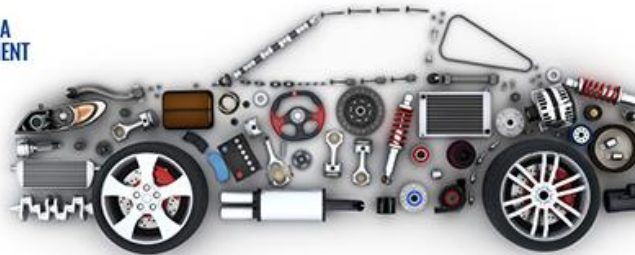

No.	Company	Field of activity	Website	Offer	Demand
108	Soplast	Plastic injection molding technical components	www.soplast.com	Plastic technical components for automotive such as: interior trim parts (visible/non visible) for application in seats, center consoles, door panels, Instrument panel and steering wheels, safety airbag housings and clips, battery cell holders, electronic housings, e-mobility components	Plastic raw materials, metal inserts, transports, carton and plastic boxes, maintenance services, injection tools, control tools, assembly machines
109	Elektronix	Manufacturing of electrical equipment	www.elektronix.rs	Distribution cabinets, industrial connectors, safety equipment, thermal cameras, sensors, insulating gels, sealing compounds	Standard and spiral cables
110	Bormax	Metal processing	www.bormax.rs	Metal, stainless steel, aluminum, brass bronze, plastic CNC machining	/
111	Yokohama TWS Serbia	Manufacture and retreading of tires	Mitas Tires High quality Tires supplier in the world (mitas-tires.com)	Tires for agricultural machinery, construction equipment and forklifts.	Inner tubes
112	Ecor Global	Manufacturing eco-friendly panels	www.ecorglobal.com	Ecological panel made from organic cellulose fibers. A replacement for HDF, MDF, and plywood. The ECOR panel in the product palletization process	Muflon, carrier sheet, avery (waste paper from self-adhesive labels)
113	Cooper Standard Srbija	Production of rubber gaskets for the automotive industry	www.cooperstandard.com/products/sealing-systems	Rubber gaskets for automotive industry	Rubber (compound), plastic inserts, and clips
114	Konkab	Assembly of cables, cable sets and systems	www.konkab.com	Assembly of cable sets, cable harnessing	We work with the client's material (job-order service)
115	VT Asyst Kft.	Special machine producer	www.asyst.videoton.hu	Special purpose machine, testers, production lines, automation, robotisation	/

145	Palet Line	Cardboard packaging	www.paletline.co.rs	Pallets, pallet components	Poplar logs, nails, pneumatic tools
146	Gran plast	Recovery of sorted materials	www.granplast-doo.com	PP, PE Regrind, ground Materials PS, ABS, PA, PC, shredding, grinding, blending, and plastic material regranulation	Plastic waste
147	MP Roll Line	Packaging	www.mprline.com	Stretch film, bags, boxes, EPE foam, PET molds, separators	Cardboard, cardboard sleeves
148	Limoprodukt	Metalware production	www.limoprodukt.rs	Metal lockers	Cold-rolled sheets, pipes
149	To-ma palete plus	Production of wooden packaging	www.to-ma.rs	New/used EPAL Euro pallets, other types of pallets	Wood pallet elements
150	Faculty of Technical Sciences	Higher education	http://ftn.uns.ac.rs/691618389/fakultet-tehnickih-nauka	Facilitating engineer recruitment process, UIC, collaboration in project management	Facilitating engineer recruitment process, UIC, collaboration in project management
151	Miraž	Production of hydraulic cylinders	www.miraz.rs	Hydraulics	Honed tubes
152	Strugovi Potisje	Manufacture of metal processing machines and trade of machine tools	www.strugovi.com	Horizontal universal CNC lathes, CNC milling machines, and CNC railway lathes	Abrasive stone

SUPPLIERS' DAY 2023

Novi Sad, November 21

No.	Company	Field of activity	Website	Offer	Demand
153	Industrometal	Ferrous metallurgy products	www.industrometal.co.rs	Ferrous products - hot-rolled and cold-drawn steel bars, long hot-rolled products (flats, L-profiles, beams), hot-rolled sheets and plates, welded pipes, and boxes. Primary processing services for ferrous metallurgy - gas, plasma and laser CNC cutting, mechanical cutting with shears, three roll plate bending machine and press brakes, saw cutting.	Welding and metal processing services
154	Peskiranje SBR	Metal coating	www.peskiranjebr.rs	Metal processing and metal coating	New customers
155	Eko-Sistem (Plava frajla)	Rubber parts manufacturing	www.ecosystem.rs	Rubber mats for children's playgrounds and fitness centers	New customers
156	SZR Simil	Plastic parts manufacturing	/	Plastic injection molding service on 1400 ton plastic injection molding machine	New customers
157	Šumer	Manufacture of connecting elements and screw machine products and plastic injection molding	https://www.sumer.si/	Plastic injection molding, overmolding plastic onto metal components, rubber injection molding, metal pressing and shaping, turning, springs and wire elements, heat treatment, laser cutting, CNC sheet metal bending and assembly of final parts and semi-assembled components	PP, PA, PE, PS, ABS, POM granules, stainless steel in strips and bars, carbon steel in strips and bars and spring wires
158	Slo-del	Manufacture of electrical and electronic equipment	/	Cable sets, assembly service of semi-finished products	Cables, plastic, cable equipment
